🔑 23mh1a1202

Roll Number: 23MH1A1202

Objective

Motivated Information Technology student with a strong foundation in Software Engineering, Algorithms, and Object-Oriented Design (OOD). Passionate about building scalable, data-driven solutions and developing practical software applications. Eager to apply technical skills, problem-solving ability, and creativity in software development, web technologies, cloud computing, and AI-driven projects.

Education

- 2023–2027 **B.Tech in Information Technology**, Aditya College of Engineering and Technology, Surampalem, CGPA: 7.51/10.00
- 2021–2023 **Intermediate**, Board of Intermediate Education, AP, Score: 66.8%
- 2020–2021 **10th Standard (SSC)**, State Board of Secondary Education, AP, Score: 100%

Skills & Competencies

- Languages Java, JavaScript, C# Basics, Python, TypeScript (Basic), C, HTML5, CSS3, Dart (Flutter)
- Core Tech Data Structures & Algorithms, Object-Oriented Design (OOD), Software Architectures, Software Development Principles, Artificial Intelligence, Deep Learning
- Systems Computer Architecture, Operating Systems, Data Communication Technologies and Protocols, Computer Networking, Digital Systems (Truth Tables & State Machines)
- Web & Mobile React.js, Node.js, Express.js, MongoDB (MERN Stack), RESTful APIs, WebRTC, PWA, Flutter
- Tools & IDEs Visual Studio IDE, MSOFFICE Tools, AWS, Google Cloud Platform (GCP), Firebase, Git, GitHub, Postman, PeerJS
- Soft Skills Good written and verbal communication skills, Analytical Problem Solving

Key Projects

- 2025–2026 **SmartShare - Secure P2P File Sharing**, smartshare.alsagar.tech
- Engineered a production-ready, account-free PWA for high-speed file sharing.
 - Implemented adaptive WebRTC data channels, demonstrating a strong understanding of data communication technologies and protocols for secure, direct device-to-device transfers.
- 2026 **DocuKeep, View Flutter App**
- Engineered a cloud-integrated Web and Mobile App utilizing React Router for seamless UI navigation and integrated a complete Flutter Android application.
 - Implemented Google Firebase/Firestore for robust backend data management and Cloudinary for optimized media storage, applying solid software architectures and cloud-native practices.
- 2025 **Face Detection & Expression Tracker, Live Demo**
- Developed a real-time web application for face detection and facial expression tracking utilizing Deep Learning models and computer vision techniques.
 - Applied excellent mathematical skills and algorithms to parse and track visual data efficiently.

- 2024 **Aditya Student Photos App**, 23mh1a1202.github.io/student_photos
○ Designed a responsive and accessible web app interface for cataloging and efficiently managing large datasets of student imagery.
- 2024 **Sagar Attendance App**
○ Developed a streamlined full-stack application for fast student attendance fetching and automated backend data management.
○ Followed the Product Development Life Cycle to translate wireframes into high-quality code.
- 2024 **PDF Merger & Combiner**, 23mh1a1202.github.io/pdf-merger
○ A highly responsive browser-based tool for merging images and PDFs, allowing custom reordering and combination into a single optimized file.
- 2025–Pres. **SEO Impact**, *Google Search Profile*
○ Implemented effective SEO strategies across web deployments. Personal portfolio and applications are successfully indexed on Google.

Internships

- 2026 **Artificial Intelligence Intern**, *Infosys Springboard*
Successfully completed 14 specialized AI courses and 2 professional certifications, establishing a strong fundamental understanding of AI technologies and data models.
- 2026–Pres. **Vibe Coding Intern**, *SmartBridge & APSCH*
Engaged in modern web stack development, building highly efficient and scalable UI components for complex applications.
- 2025 **Cloud Computing & DevOps Intern**, *APSSDC*
Gained hands-on experience in cloud infrastructure deployment, server management, and application scaling using AWS.
- 2025 **Full Stack (MERN) Intern**, *SmartBridge & APSCH*
Developed dynamic, responsive, and data-driven web applications leveraging the complete MERN stack ecosystem.

Certifications & Workshops

- IT & DevOps IT Specialist: HTML & CSS (Pearson VUE), Python Essentials 1 (Cisco), CLA: Programming Essentials in C (Cisco), Agile Project Management (HP LIFE)
- AI & Data Principles of Generative AI (Infosys), AI Premier Certification (Infosys Springboard), Started with AI (IBM), Intro to Industry 4.0 & Industrial IoT (NPTEL)
- Workshops Cybersecurity & Data Breaching (APSSDC), Quantum Fundamentals (Wiser/Qubitech), Datavalley Flutter Workshop

Declaration

I hereby declare that the information provided above is true to the best of my knowledge and belief.
